

## MARCONI HONORED WITH MITCHEL BY COLUMBIA DEGREES

Dr. Koo, Judge Hiscock and Bishop Brent Also Receive Marks of Distinction.

Upon Guglielmo Marconi, Inventor of wireless telegraphy and member of the Italian War Commission now in this country, Columbia University today conferred the honorary degree of Doctor of Science at the one hundred and sixty-third annual commencement of the university. Mayor Mitchel, V. K. Wellington Koo, Chinese Minister to the United States, and Chief Judge Frank Harris Hiscock of the Court of Appeals, received the degree of Doctor of Laws.

The candidates for the honorary degrees were presented by the university orator, Dr. John Erskine, professor of English, the degrees being conferred by President Butler, who handed the candidates their diplomas and hoods.

The honorary degree of Master of Arts was conferred upon Richard Townley, Haines Halcyon, a writer on American art, and Miss Anna Caroline Maxwell, Director of the School of Nursing of the Presbyterian Hospital. Paul Elmer More, author and critic, was the only one to receive the Doctor of Letters degree.

Others besides Marconi to receive the degree of Doctor of Science were Robert Andrews Millikan, Professor of Physics at the University of Chicago, and George Eliot Hale, director of the Mount Wilson Solar Observatory at Pasadena, Cal. The Right Rev. Charles Henry Brent, Bishop of the Philippine Islands, received the degree of Doctor of Sacred Theology.

Aside from these honorary degrees, the university to-day conferred 2,289 degrees upon its students and 165 upon students of Barnard College, a greater total than ever before. The diplomas awarded in education and the practical arts numbered 427. Seventeen graduates of the United States Naval Academy were awarded the degrees of naval engineer.

The commencement exercises ended with the unveiling of a tablet in memory of Seth Low of the class of 1870, former Mayor of the city and one time president of the university.

## Do You Neglect Your Machinery?

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. To clean the system at least once a week is to practice preventive measures. You will escape many ills and clean up the coated tongue, the sallow complexion, the dull headache, the lousy liver, if you will take a pleasant laxative made up of the Marjoram Juices of the leaves of clover, root, jalap, and calamus Pellets. You can obtain almost any drug store in this country these vegetable pellets in vials for 25¢—simply ask for Dr. Pierce's Pleasant Pellets. There can be no counterfeit if they have the Dr. Pierce stamp. Proven good by 50 years use.

FAIR AND CLEAR—that's the way your skin will be, if you'll take Doctor Pierce's Golden Medical Discovery. Eczema, blisters, eruptions, and humors are entirely banished by this medicine.
